

FL710 Issue 5 Tungsten Halogen Suez Canal Searchlight

APPLICATION

The FRANCIS FL range of searchlights incorporate the design features required to successfully operate searchlights in the most demanding product operating environments on land and sea.

These dual purpose split or single beam Searchlights are built to the Suez Canal Authority Specification and are obligatory for ships passing through the canal. These Searchlights are fitted with a lamp changeover system, one operational and one spare for use in the event of failure.

DESPATCH NUMBERS
