

FSP380 Issue 5
CSI light source
Signalling 380mm

APPLICATION

The FRANCIS FSP380 Signalling Searchlight incorporates the features required to successfully operate searchlights in the most demanding product operating environments on land and sea.

The 380mm (15") pedestal or bridge wing mounted light is used on medium and large craft for ship to ship and ship to shore signalling using the morse code or similar signalling code.

The light is manufactured in brass, an anti-magnetic construction and is fully weatherproof. The light shutter can be locked to allow its use as a searchlight.

SPECIFICATION

- 380mm (15") Signalling Projector
- Weatherproof (IP56)
- Signaling range minimum of 12 miles / 19.44 km (daylight)
- Signalling speed of 12 words per minute
- Lamp options : Quartz Iodide CSI 400w
- Lamp cap G22 medium bi-post
- Lamp life 500 hrs
- Beam divergence of 4° degrees
- Vertical movement + 60° to -45°
- FSP380 weight 51Kgs
- Pedestal Assy weight 10.5Kgs

Control unit

- Aluminium casing
- Weatherproof (IP56)
- Input 440v / 60 hz 2 Ph 5/8 Amp
- Weight 35.5Kgs
